3. Executive Summary

EnerSys Springfield Plant requires decommissioning of the ARAS PLM instance. Plural will execute a bulk extraction of historical ARAS documents and related metadata for archival purposes.
Plural previously migrated selected data sets from ARAS to Windchill. This SOW covers extraction of remaining historical versions and linked DCO information needed for archive readiness.
This document defines scope, assumptions, access needs, timeline, commercials, and payment terms for the ARAS extraction project.

3.1 ABOUT ENERSYS

EnerSys Corp is a leading global provider of stored energy solutions for industrial applications, such as aerospace and defense, telecommunications, material handling, and renewable energy.

The company's products and services include batteries, chargers, power equipment, and energy storage systems. EnerSys has a strong presence in North America, Europe, and Asia-Pacific, and serves customers in more than 100 countries worldwide. The company has a diverse customer base, including Fortune 500 companies and small to medium-sized businesses.

In recent years, EnerSys has focused on expanding its product portfolio through strategic acquisitions and partnerships. The company has also invested in research and development to enhance its technology and improve the efficiency and performance of its products.

3.2 ABOUT PLURAL

Plural Technology Private Limited (PTPL) specializes in Product Lifecycle Management (PLM) and Enterprise Software Services. Founded in 2007 and headquartered in Pune, India, with additional offices in North America and Europe, Plural is engaged with clients and partners globally.

Our deep understanding of PLM has driven the services we offer and now deals with services on multiple PLM related solutions, notably ARAS Innovator, Oracle Agile, PTC Windchill and PTC FlexPLM. We aid our customers' business needs and help obtain their goals by providing services in the areas of Implementation, Integration, Support, Maintenance, Upgrades and Customization.

Plural had worked with customers in various industries, including Automotive, Engineering and Manufacturing, Hi-Tech and Electronics, Aerospace and Defense, Apparel and Fashion, Retail and Consumer Packaged Goods.

We provide effective and efficient results to our Global customers with offerings in digital strategy, PLM, using- Cloud technologies, Internet of Things (IoT), Analytics, AI/ Machine Learning, Robotic Process Automation (RPA), Big Data, Enterprise Mobile Applications, and related technologies.

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

Plural Technology is an **ISO 9001:2015** certified and **Duns & Bradstreet (D&B)** accredited business and follows global standards of software development.

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

4. Scope Of Services

4.1 IN SCOPE

Plural Technology will perform ARAS Innovator data extraction for archival purpose, including document files, metadata, and related change objects as agreed with EnerSys.

The project team will execute extraction activities over a fixed 4-week period, with DCO development work planned in the initial phase.

In-Scope Deliverables:

- Extract all versions of all the identified document types.
- Extract document meta data.
- Extract document content file.
- Provide content path in corresponding metadata.
- All DCOs linked to a particular document
- DCO Report/Extraction Details:
    - Metadata
    - Affected items Information
    - Sign-off information

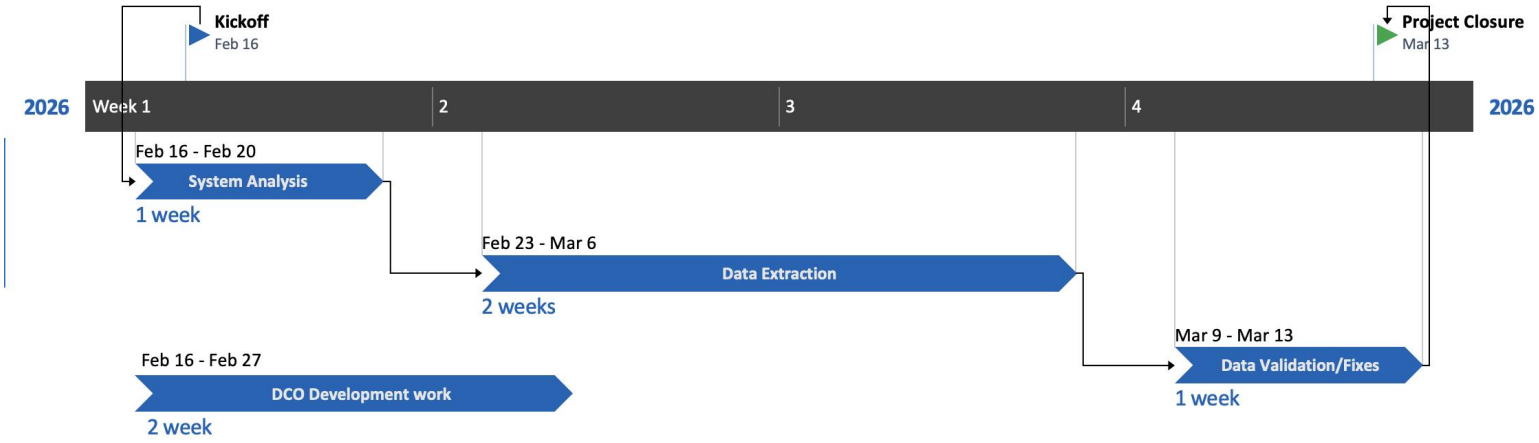
4.2 OUT-OF-SCOPE ACTIVITIES

- Any activities not explicitly listed in section 4.1.
- Plural will not perform any detailed data analysis or cleansing. This will be a bulk extraction.
- ECO Extraction will be out of scope.
- Data transformation or migration into any target system will be out of scope.
- Data model and Process Configuration will be out of scope.
- Extraction from any other system except Aras Innovator will be out of scope.
- No Hypercare support will be provided. All Validation and Fixes to be performed in final week of the project.

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

5. Timeline

The Project timeline will be as follows:



Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

6. Pricing, Terms & Conditions

This project will be executed on a fixed-cost model for ARAS extraction. Commercial estimate is based on a 4-week duration and agreed scope/assumptions. Any change in scope will require impact analysis and written approval.

6.1 RATE AND COMMERCIALS

Phase	Duration	Total Amount in USD
ARAS Extraction	4 Weeks	**8192**
DCO Development Work	2 Weeks	
Total		**8192**

6.2 PAYMENT TERMS

Payment milestone invoices are due within 30 calendar days from invoice date. Payments to be made via cheque or wire transfer as per agreed commercial terms.

Milestone	Milestone Date (MM/DD/YYYY)	Amount (USD)
DCO Development Complete	02/27/2026	**50%**
Project Closure	03/13/2026	**50%**

6.3 LOCATION OF RESOURCES

Primary execution will be offshore. Team will work in EnerSys environment through approved remote access (VPN/VDI/Okta)

6.4 TRAVEL

If travel is requested by EnerSys, all pre-approved travel and related reasonable expenses will be reimbursable as per EnerSys policy.

Any unapproved or non-project expenses will remain consultant responsibility and are not reimbursable.

6.5 CHANGES IN SCOPE

Any change from the agreed scope in this SOW will require joint impact assessment (effort, timeline, and cost) and formal approval through a purchase order amendment/change request.

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

7. Access Requirements

VPN – Offshore team to work in Enersys environment and connect to the applications/databases

Access to the following systems:

System/Application	Description/Server
Application Servers	Aras Dev & Production Environment
SQL Server	N1SRVSQL2012PRD.enersysinc.com
Databases	NSB_Aras_Prod & NSB_Aras_Test
Application URL	https://northstarplm.northstarbattery.com/
Remote Server Access	Okta Id and VDI
Other	Workstation located at Bellingham, Target Storage Location

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

8. Banking Information

Account Name	Plural Technology Pvt Ltd
Bank Name	HDFC Bank Ltd
Branch Name & Address	Baner, Pune, Maharashtra, Country: India
Account No	01857630000327
IFSC Code	HDFC0001794
SWIFT Code	HDFCINBBXXX

Docusign Envelope ID: CA420236-F619-4816-8BD8-1A4CCEC89A40

9. Acceptance

IN WITNESS WHEREOF, the parties have duly executed and delivered this proposal as of the last date written below.
